Tr. Livingstone's Travels & Explorations
During a residence of 18 Years in the Wilds of
Africa.

Good Story. oach. The goose squalled and cold, and as old gander, the patriarch of the flock gallantly came to t a came. The contest was short but sever. Welcome holding his prize by the tail feathers with one hand, and defouding himself with the other; while the gamer used life wings vigorously about his head. Hard blows were given on both sides, but the plumage by which the gones was held suddenly coming out, he made hie escape, and the battle terminated.—Nantucket (Mass.) Inq.

Travels and Explorations in Africa, we take the following:

"It abounds in descriptions of strange and winderful secret among a people and in acquirty entirely new to the civilized world; and altogether we regard it as one of the most interesting banks issued within the past year."—Daity Democrat. Patterson, N. J.

"It is emphatically as one of the most interesting banks issued within the past year."—Daity Democrat. Patterson, N. J.

"It is emphatically as divide for the people, and, judging from the rapid safe with which it is meeting, it is fully appreciated by them."—

re are few men who are not themselves in the nation try where they are living, and of crowing considerable among those with whom we converse. There is a kind of grandure and respect which the meanest and most insignificant part of mankind endeaver to procure in the little circle of their friends and acquaintages. The nonest machine the procure in the little circle of their friends and acquaintages. The nonest machine the procure in the little circle of their friends and acquaintages. The nonest machine of the nonest machine to the little circle of their friends and acquaintages. The nonest machine of the little circle of their friends and acquaintages. The nonest machine of the little circle of their friends and acquaintages. The nonest machine of the little circle of their friends and acquaintages. The nonest machine of the little circle of their friends and acquaintages. The poorest mechanic, may, the n who lives upon common alms, gets his suit of admirers, and delights superiority which he enjoys over The ambitious to the soul of a might, withinks, receive a very upy turn; and if it were rightly died contribute as much fo a person's nature, as it generally does to his mainess and disquiet.—Addison.

A little ragged archin and a cucoity to visit Barnam's Museum the
ther day and quietly stepped by the
cor-beoper, who caught him by the
rm and domanded his quarter. The
